SouthernForce Announce New Single "Freedom Slave"

Argentine power metal band Southern Force are excited to announce their upcoming single "Freedom Slave". The song will be released on May 10, 2023 and it will be the first time the new voice of the band, Pablo Locles, will be heard.

"Freedom Slave" talks about the importance of freedom and not being fooled by current paradigms. The single will be available on all major streaming platforms on May 10. With their classic combination of powerful guitars, a symphonic keyboard, a powerful voice, along with a perfect combination of drums and bass, Southern Force is pleased to share their message of freedom and encourages everyone to express themselves freely and without fear.

Guitarist and band founder Ricardo Recofsky comments: "We're so excited to share this new single with our fans. We've worked hard to make sure every note, every chord, and every lyric lives up to the hype. Pablo is incredibly talented and we are excited to have him as our new vocalist. We hope you enjoy 'Freedom Slave' as much as we do."

To date, Southern Force have released an EP called "What Have We Done" in March 2020 and their debut album "Since The Beginning Of Time" in August 2020.
